Reimbursement for Agency Equipment

1. Forwarded herewith is a memorandum from the Acting Chief, Procurement and Supply Division, concerning reimbursement from the U. S. Air Force for radio equipment furnished by CIA.

2. Without knowing the full details of the transaction, we know of no reason why Standard Form 1080 cannot be utilized to accomplish the purpose desired. However, we believe this matter properly falls within your jurisdiction, and for that reason we are forwarding the memorandum.
